

JOB DESCRIPTION Prayer Captain

Purpose

The prayer captain takes full responsibility for covering the entire training and all individuals involved in prayer. It is his or her job to lead in intercession and hearing from God. In this regard, the prayer captain **creates the organizational structure for prayer** before and during the training. This will include tasks such as enrolling a team to pray, arranging weekly prayer meetings, and setting up prayer chains to receive and distribute prayer requests from the enrolling team members, core team, sponsor, or trainers.

What this all looks like is your choice. You can use whatever methodology or tools you think will be most effective. Feel free to be creative and make it your own. In the past, other prayer captains have used services such as <u>FreeConferenceCall.com</u>, Join Me, or Zoom video conferencing for prayer meetings.

Before the Training

- Take full responsibility for bathing the enrollment team and process and the training in prayer. Be the driving force that makes it all happen.
- Enroll a prayer team of Breakthrough graduates outside the enrolling team to stand for the training in progress. Enrolling team members may also be on the prayer team if they choose to do so.
- Set up ways to receive communication from enrolling team members about needs or requests that arise.
- Set up regular prayer meetings in person or via phone or video conference with your prayer team and invite the enrolling team to join you for these meetings.
- Providing prayer direction and scriptures for prayer meetings.
- Remind the prayer team to treat prayer requests in a private and confidential manner.
- Pray fervently for prospective participants, the participants' families, overcoming obstacles and objections, the team, the trainer, the trainer's family, the city where the training is being held, etc.
- Give an open invitation to the enrolling team to join your weekly prayer sessions.

During the Training

During the training, the prayer captain can arrange for his or her team members to visit the site early each morning, filling the location with prayer, praise, and worship.

If you are not attending the training, request that a team member or members in the room communicate prayer requests to you and your team. Ask team members to be sensitive to the shifts needed and the strongholds to be overcome. Also pray that all outside cares and concerns be laid aside for the length of the training.
